

Domagoj Dlaka, MD

Specialist neurosurgeon in Department of neurosurgery, University hospital Dubrava, Zagreb, Croatia

Born 1983 in Zagreb

2001- 2007 Medical School, University of Zagreb

2007 Postgraduate school in neuroscience, University of Zagreb

2008 Residency training, University hospital center Zagreb, Zagreb

2009 Neurosurgical training, University Hospital Dubrava, Zagreb

2015 neurosurgery specialist exam, specialist neurosurgeon at Department of neurosurgery

2002 – Dean's reward

2007- Rector's award for best student scientific work

2008- Reward by Drago Perovic foundation for best student of the generation

2014- Education in spinal neurosurgery on Weill Cornell Medical College in Salzburg, Austria

2016- Education in neurosurgery-Brain on Weill Cornell Medical College in Salzburg, Austria

Member of Croatian neurosurgical society

Projects:

HRZZ : "ACRON - A new concept of Applied Cognitive Robotics in clinical Neuroscience"

RONNA – Robotic neuronavigation, cooperation with Faculty of Mechanical Engineering and Naval Architecture, Zagreb, Croatia

NERO – neurosurgical navigation

PhD doctoral thesis: Application accuracy of RONNA robotic system in stereotactic neurosurgery

Area of interest: robotic neurosurgery, oncological neurosurgery, functional and stereotactic neurosurgery, spinal neurosurgery, skull base neurosurgery, neurotraumatology
